PROFILE

Frontend developer with 6+ years of experience, leading the frontend team of a B2B and B2C car sales platform at Emil Frey Digital. Works in Angular, TypeScript and RxJS on the client and in Java (Quarkus), MS SQL Server and Oracle PL/SQL on the server. Maintains five open-source Angular libraries on npm. M.Sc. in Informatics, summa cum laude.

EXPERIENCE

Lead Frontend Developer

06/2022 - Present

Emil Frey Digital · Varaždin, Croatia

- Lead the frontend of a B2B and B2C sales platform for 12 car brands in 10 countries, including Stellantis and JLR.
- Own the architecture, planning, releases and maintenance of the application.
- Write technical specs, build new features and present them to the business and the team.
- Mentor frontend developers and work with QA and the project team.
- Also work on the backend in Java, Quarkus and MS SQL Server: REST endpoints, Handlebars templates for documents and emails, Azure services, Helm and ArgoCD release config.

Full-Stack Developer

02/2020 - 06/2022

Emil Frey IT Solutions AG · Zürich, Switzerland

- Built Angular single-page apps for internal B2B tools.
- Designed and built REST APIs.
- Wrote Oracle PL/SQL packages, tables and views.

TECHNICAL SKILLS

FRONTEND	Angular, TypeScript, RxJS, NgRx, Signals / Signal Forms, HTML, CSS, Tailwind
TESTING	Jest, Vitest, Cypress, Playwright, JUnit 5, WireMock
BACKEND	Java (Quarkus), MS SQL Server, Oracle PL/SQL, Supabase, REST APIs, JSON:API
DEVOPS	Azure (Service Bus, Blob Storage, Key Vault), Azure DevOps, Helm, ArgoCD (GitOps), TeamCity, GitHub Actions, Cloudflare
TOOLING	Nx, Git, Swagger, Postman
COLLABORATION	Jira, Confluence, MS Teams, Agile / Scrum

PROJECTS

ngx-lib-space - Nx monorepo of five open-source Angular libraries on the Signal Forms API, published to npm (CI, coverage, CodeQL): ngx-pass-code, ngx-numeric-range-form-field, ngx-phone-form-field, ngx-time-range-form-field, ngx-overflow-tooltip.

ng-nx-scaffolder - JetBrains (IntelliJ / WebStorm) plugin that generates Angular and Nx libraries. Written in Kotlin.

hep-bez-struje - Chrome extension that shows planned power outages in Croatia. React, TypeScript and Vite.

nx-fire-hub - Private, in progress. Multi-tenant platform for volunteer fire departments: public websites and an admin app on Angular 21, Nx, Supabase, PrimeNG and Tailwind.
